ADD OR REMOVE CREDIT/DEBIT CARD

Complete this form to allow a credit or debit card to be added or removed from the PIKEPASS account indicated below

PIKEPASS Account # _____

PIKEPASS Account Holder's Name _____

Each customer may choose to secure their PIKEPASS account, and we offer several methods to do so. A credit/debit card can be provided that belongs to someone other than the PIKEPASS account holder. PIKEPASS allows a credit/debit card to be added or removed from a PIKEPASS account by the credit/debit card holder at any time. This form allows the credit/debit card holder to add or remove their card from the designated PIKEPASS account at any time.

Automatic Replenishment: A credit/debit card may be added at any time to enable automatic replenishment of the account when the balance is low.

Security: A credit/debit is not required, but may be used as security for the cash-check-money order payment option. If your account becomes overdrawn for 44 consecutive days, you may authorize the credit/debit below to be automatically charged for the delinquent account balance and Prepaid Toll Amount, as required to replenish your account.

Select (✓) one of the options below to authorize use of your credit/debit card to pay all PIKEPASS related tolls and fees.

_____ Add my Credit/Debit card for Auto Replenishment.

_____ Add my Credit/Debit card as Security.

_____ Remove my Credit/Debit card used as Auto Replenishment.
