

Sign the Safe Driving Pledge

Take out your phone. What is your last sent text message?

\_\_\_\_\_.

Now picture that being the last text you ever sent. For so many, that last text was sent while in a moving vehicle. Not only is texting and driving a danger for you, but for others on the road as well.

During this busy holiday season, while so many are visiting loved ones, drivers will continue to be distracted, but you can stop the cycle.

**Tell us why you won't text and drive.**

I, \_\_\_\_\_, hereby pledge to not text and drive because I want \_\_\_\_\_.

Now share this pledge with your friends and family, post to your social media accounts and hold each other accountable. If you see a loved one texting and driving, tell them to stop. Remind them that it is never worth it, and it can always wait.
